

## GENERAL INFO

Duration of the show	45 minutes
Minimum time for setup & rehearsal	1 day for setup 1 day for rehearsal
1 day for rehearsal and performance	
House technicians needed for setup	3
Performers	3
Technicians of company	1

## STAGE

Dance floor size : 10m x 10m.

We need an extra 2,5m on all sides for audience seating. Audience sits on risers around the dance floor (all 4 sides).

Total venue size: min. 15mx15m

No curtains or masking.

## SEATING

We need 36 risers with legs of 40, 80, 120.

We build 3 rows on all 4 sides of the dance floor. The audience sits on the upper 2 rows (of 80 and 120 high). Nobody can sit on the first row (40 high).

## SET

Our set consists of inflatable's. To inflate them we bring our own blowers. Some stay on stage, others need to be silent and therefore outside the theatre. For the small blowers on stage we bring our own dimmers. For the bigger blowers we will use your dimmers.

10 small inflatable's

1 bouncy castle

13 blowers

2 black tarps

## SOUND

4 full range speakers in the corners around the audience

2 sub bass speakers, preferably under the audience seating

1 mixing desk with 4 group outputs

1 DVD player with surround out

## LIGHTS

6 asymmetric floodlights 1kW with gel holder on a grid (lowered to 4 meters height)

4 PAR64 CP61 on floor stands

4 Stage blinders on tall stands

dimmers

light console

house lights (audience light)
